EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Dolph Torrence on 4/12/05.

The application has been amended as follows:

Claim 1, line 3, "as" has been deleted; line 5, "fine" has been changed to – thin --; line 11, – of the center conductor – has been inserted before "of".

Claims 5-9 have been cancelled.

The following is an examiner's statement of reasons for allowance:

Claims 1-4 are allowable over the prior art of record for at least the reason that the prior art fails to teach or suggest orifices of the cavity disposed at opposite ends of the base for receiving an end portion of the center conductor of one of the electroluminescent cables and wherein a first conductive jumper element has a pair of spaced annular sleeves axially aligned with the orifices for receiving electroluminescent cables as set forth in the claimed combination.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2833

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hien D. Vu whose telephone number is 571-272-2016.

The examiner can normally be reached on 9-5.
